

Do not scale from this drawing.
 All dimensions and levels to be checked on site by contractor prior to the start of construction.
 This drawing is to be used in conjunction with all relevant contract terms and conditions, including but not limited to the standard terms and conditions of the contract. It is the responsibility of the contractor to ensure that all dimensions and levels are checked on site before the start of construction.
 The owner, architect, engineer and project manager are the responsibility of the client. The contractor is responsible for the accuracy of the information on this drawing.
